Harmony House is a shelter that supports women and their children who are fleeing violence.

As the only **second-stage shelter in Ottawa**, we greatly depend on the support of the community and donors to offer our services and keep our doors open.

About 30% of women have experienced physical or sexual violence from an intimate partner or non-partner, and every six days, a woman in Canada is tragically killed by her intimate partner.

Over the past **38 years**, thanks to the programs and services provided by Harmony House thousands of women and children have broken free from violence to live independently in the community. The Outreach Program provides services to women before and after residency at the shelter and those living in the community.

The dedicated team at Harmony House works tirelessly to ensure that survivors of domestic violence receive the necessary support, guidance, and resources to rebuild their lives with dignity and empowerment. Through our collaborative efforts with community partners and advocates, we aim to raise awareness about domestic violence, break the cycle of abuse, and create a safe environment where survivors can heal and thrive.

THANK YOU FOR MAKING A DIFFERENCE
